**The Application of Data Protection Laws to Taking, Using and Storing Images of Children**

**1. This Policy**

- This Policy is intended to provide information to pupils and their parents, carers or guardians (referred to in this policy as "parents") about how images of pupils are normally used by Brockwood Park School and Inwoods Small School. It also covers the school's approach to the use of cameras and filming equipment at school events and on school premises by parents and pupils themselves, and the media. It is following guidance from the ICO for schools on Taking Photos in Schools.
- It applies in addition to the school's terms and conditions / parent contract, and any other information the school may provide about a particular use of pupil images, including more general information about use of pupils' personal data.
- Images of pupils in a safeguarding context are dealt with under the school's Safeguarding and Child Protection Policy which follows guidance from Keeping Children Safe in Education 2023.

**2. General points to be aware of**

- Certain uses of images are necessary for the ordinary running of the school; other uses are in the legitimate interests of the school and its community and unlikely to cause any negative impact on children. The school is entitled lawfully to process such images and take decisions about how to use them, subject to any reasonable objections raised.
- Parents who accept a place for their child at Brockwood are invited to indicate agreement to the school using images of him/her as set out in this policy, and/or from time to time if a particular use of the pupil's image is requested. At Brockwood as part of the registration process

the parents sign a Data Protection Consent Form. For Inwoods, after a child has been accepted at the school the parents are also asked to complete a Publicity Consent Form through the admissions online portal. However, parents should be aware of the fact that certain uses of their child's images may be necessary or unavoidable (for example if they are included incidentally in a photograph or video).

- We hope parents will feel able to support the school in using pupil images to document and share about school-related activities; to promote the work of the school; and for important administrative purposes such as identification and security.
- Any parent who wishes to limit the use of images of a pupil for whom they are responsible should contact Mina Masoumian who is the DSL at Brockwood Park School and Inwoods or Kate Power who the DDSL at Inwoods Small School and the Small School coordinator or state this clearly on the consent form available. The Schools will respect the wishes of parents/carers (and indeed pupils themselves) wherever reasonably possible, and in accordance with this policy.
- Parents should be aware that, from around the age of 12 and upwards, the law recognises pupils' own rights to have a say in how their personal information is used – including images.
- At Inwoods Small School staff are not permitted to use their personal mobile devices in school, other than in the staff office. Staff who wish to use their personal mobile devices or cameras outside of the school office in the rest of the school grounds must first speak with the Coordinator. Staff who act in breach of this may be subject to disciplinary action. Personal phones maybe taken off site on outings and visits for emergency contact, but not for photographic purposes, unless approval from the Coordinator has been obtained. If approved photos are taken, they must be removed from personal phones within 24 hours.
- Inwoods has a school mobile phone in one of the school classrooms for emergency calls. The teacher in the year 3/4/5 classroom also has a tablet for taking images of the children's work. Parents have either consented or prohibited the staff from taking photos of their children by completing the Publicity Consent Form as part of the registration process of the child. This includes children in the EYFS / year 1/2 class, although a digital camera is used to document work in this classroom. Any photos that are taken on the school tablet or camera are then downloaded onto the school system and deleted from the device within 7 days.

### 3. Use of Pupil Images in School Publications

Unless the relevant pupil or his or her parent has requested otherwise, the school will use images of its pupils to keep the school community updated on the activities of the school, and for marketing and promotional purposes, including:

- On internal displays (including clips of moving images) on digital and conventional notice boards within the school premises;
- In communications with the school community (parents, pupils, staff, Governors and alumni) including by email, on Tapestry (which is an online communication tool with parents at Inwoods), Brockwood Parents eNewsletter;
- On the school's website and, where appropriate, via the school's social media channels, e.g. Twitter, Instagram and Facebook. Such images would not normally be accompanied by the pupil's full name without permission;
- In the school's prospectus, and in online, press and other external advertisements for the school. Such external advertising would not normally include pupil's names and in some

circumstances the school will seek the parent or pupil's specific consent, depending on the nature of the image or the use.

- The source of these images will predominantly be the school's staff (who are subject to policies and rules in how and when to take such images), or a professional photographer used for marketing and promotional purposes, or occasionally pupils. The school will only use images of pupils in suitable dress and the images will be stored securely and centrally.

#### 4. **Use of Pupil Images in the Media**

- In the rare event of the presence of the media at the school, the school will, where practicably possible, always notify parents in advance when the media is expected to attend an event or school activity in which school pupils are participating, and will make every reasonable effort to ensure that any pupil whose parent or carer has refused permission for images of that pupil, or themselves, to be made in these circumstances are not photographed or filmed by the media, nor such images provided for media purposes.
- The media often asks for the names of the relevant pupils to go alongside the images, and these will be provided where parents have been informed about the media's visit and either parent or pupil has consented as appropriate.

#### 6. **Security of Pupil Images**

- Professional photographers and the media would always be accompanied at all times by a member of staff when on school premises. The school uses only reputable professional photographers and makes every effort to ensure that any images of pupils are held by them securely, responsibly and in accordance with the school's instructions.
- The school takes appropriate technical and organisational security measures to ensure that images of pupils held by the school are kept securely on school systems, and protected from loss or misuse. The school will take reasonable steps to ensure that members of staff only have access to images of pupils held by the school where it is necessary for them to do so.
- All staff are given guidance on the school's Policy on Taking, Storing and Using Images of Pupils, and on the importance of ensuring that images of pupils are made and used responsibly, only for school purposes, and in accordance with school policies and the law.

#### 7. **Use of Cameras and Filming Equipment (including mobile phones) by Parents**

- Parents, guardians or close family members (hereafter, parents) are welcome to take photographs of (and where appropriate, film) their own children taking part in school events, subject to the following guidelines, which the school expects all parents to follow:
- When an event is held indoors, such as a play or a concert, parents should be mindful of the need to use their cameras and filming devices with consideration and courtesy for cast members or performers on stage and the comfort of others. Flash photography can disturb others in the audience, or even cause distress for those with medical conditions; the school therefore asks that it is not used at indoor events.
- Parents are asked not to take photographs of other pupils, except incidentally as part of a group shot, without the prior agreement of that pupil's parents.
- Parents are reminded that such images are for personal use only. Images which may, expressly or not, identify other pupils should not be made accessible to others via the internet (for example on Facebook), or published in any other way.
- Parents are reminded that copyright issues may prevent the school from permitting the filming or recording of some plays and concerts. The school will always print a reminder in the programme of events where issues of copyright apply.

## KRISHNAMURTI FOUNDATION TRUST

- Parents may not film or take photographs in changing rooms or backstage during school productions, nor in any other circumstances in which photography or filming may embarrass or upset pupils.
- The school reserves the right to refuse or withdraw permission to film or take photographs (at a specific event or more generally), from any parent who does not follow these guidelines, or is otherwise reasonably felt to be making inappropriate images.
- The school sometimes records plays and concerts professionally (or may engage a professional photographer or film company to do so), in which case a digital copy may be shared with the parents. Parents of pupils taking part in such plays and concerts will be consulted if it is intended to make such recordings available more widely.

### 8. Use of Cameras and Filming Equipment by Pupils

- **Treating Others with Respect:** Everyone has a right to feel secure and to be treated with respect, particularly the vulnerable. Harassment and bullying will not be tolerated. Our Anti-bullying policy lays out how we deal with this and it is also clearly explained in the Parent Handbook for both Brockwood and Inwoods. The school is strongly committed to promoting equal opportunities for all, regardless of race, gender, gender orientation or physical disability.
- All pupils are encouraged to look after each other, and to report any concerns about the misuse of technology, or any worrying issues to a member of the pastoral staff.
- Students of Brockwood and children at Inwoods are not allowed to take photographs or film any school events, unless specifically requested by a member of staff.
- The use of cameras or filming equipment (including on mobile phones) is not allowed in toilets, washing or changing areas, nor should photography or filming equipment be used by pupils in a manner that may offend or cause upset or could in anyway be considered a form of bullying.
- The misuse of images, cameras or filming equipment in a way that breaches this Policy, or any other school policy, including; Anti-Bullying, Data Protection, Child Protection and Safeguarding Policy or the student agreements at Brockwood Park, is always taken seriously, and may be the subject of disciplinary procedures or dealt with under the relevant safeguarding policy as appropriate.
